

# Rivers

After half term, we will be learning about rivers! Overleaf is our Rivers knowledge organiser – this has the key facts that we will be developing further in our topic lessons next half term. This has been created using a non-fiction book titled 'Geographics: Rivers and Coasts.'

Using the knowledge organiser to help, we would like you to complete a project on rivers for our topic displays. This could be a poster, a factsheet or some river art! Remember, presentation must be of a high standard. Projects should be handed in by Friday 19th April.

Remember to read lots over the break so you can fill in your shelfie on the return to school.

If you are still learning all times tables to 12 x12 then please keep practising them over the holidays. Don't forget you need to know division facts too e.g. if  $7 \times 8 = 56$  then  $56 \div 8 = 7$ .

Have a restful break and we will see you in April!

Mrs Bailey, Mrs Duke, Mrs Dunn, Mr Fox, Mrs Wolstenholme, Mr McArthur
